SHOWING PRODUCT GUIDE

FORAN EQUINE SHOWING FAVOURITES

NUTRI-CALM SYRUP AND GEL

Calming supplement containing B vitamins, Magnesium and L-Tryptophan to aid nervous horses

CONTAINS

- B vitamins - to aid the central nervous system
- Magnesium - for muscle relaxation, regulating cardiac rhythm and nerve signalling
- L-Tryptophan - an essential amino acid and a precursor to Serotonin. Serotonin is a neurotransmitter associated with inhibition of fear or stress

USES

- Non-drowsy, calming syrup or gel
- Can be used daily or in special situations
- Aiding concentration during competition
- For ease of travelling stress

SUITABLE FOR

- All horses prone to nervousness

KENTUCKY KARRON OIL

High quality, emulsified flaxseed oil providing essential omega 3 and 6 for optimum digestive health, overall wellbeing and improved coat

CONTAINS

- Flaxseed oil - containing naturally occurring Omega 3 and 6 fatty acids. The omegas are well known to improve skin and coat health leading to a lustrous shine

USES

- Kentucky Karron Oil is a digestive aid in horses, helping maintain good digestion

SUITABLE FOR

- All horses, especially showing horses, horses in sales preparation and horses in training

MUSCLE MAX

Palatable liquid amino acid, antioxidant and B vitamins combined to support muscle development

CONTAINS

- L-Lysine - to maximise bone and muscle growth
- B vitamins - for protein and energy metabolism
- Vitamin E - a powerful antioxidant

USES

- Muscle Max uses the essential amino acid L-Lysine, Vitamin E, Selenium and B vitamins to aid muscle development, guard against cellular injury and optimise protein and energy use within the body

SUITABLE FOR

- All performance horses

PRO-AM PREP

Unique liquid pre-digested protein with vitamins including Vitamin E to support topline development.

CONTAINS

- Hydrolysed Plant Protein - readily available amino acids for rapid uptake
- Glutamine - as an energy source to support the immune system, maintain gut health and aid in gut absorption
- Vitamin E - a powerful antioxidant
- B vitamins - for optimum energy and protein utilisation

USES

- Periods of rapid growth or high metabolic demand, where optimum topline development is required

SUITABLE FOR

- All performance horses

FEED YOUR
DESIRE TO WIN

"I believe that nutrition plays an important role in producing horses for the show ring and I like to keep things simple. Each horse has its own set of needs and working with Connolly's RED MILLS and Foran Equine I can tailor their diets to suit"
